

Notice for Collection of Electors' Information
2020 Legislative Council General Election – Geographical Constituencies

Date of election: 6 September 2020

After submission of the nomination form, each candidate list may request the following two items of electors' information:-

- (1) a set of "Candidate Mailing Label System" USB flash drives and its User Guide; and/or
- (2) a set of mailing labels of registered electors for the relevant Geographical Constituency (on either a "household" or an "individual" basis) **(excluding electors who have provided their e-mail addresses (except those in the custody of the Correctional Services Department), and those who have requested no receipt of election mail)** (size of each label is 102mm (L) x 36mm (W)).

To avoid wastage of resources, candidates should carefully consider their publicity plan before requesting the above item(s). Upon confirmation of the item(s) requested, the candidate or the election agent is required to return the completed reply slip of "Notice for Collection of Electors' Information" together with the "Undertaking on the Use of Electors' Information" (see attachment) by facsimile transmission (Fax no.: 2205 2395) or e-mail (e-mail address: cmls@reo.gov.hk) to the Registration and Electoral Office.

Upon receipt of the duly completed reply slip and undertaking, we will contact the candidate list or its election agent by telephone within two working days to confirm receipt of the relevant documents. When the requested item(s) is/are available and the candidate list has been accepted as validly nominated, we will inform the candidate list or its election agent by telephone to collect the item(s) at the Registration and Electoral Office on 14/F, Pioneer Centre, 750 Nathan Road, Kowloon.

Environmentally-friendly Promotion

To protect the environment and reduce the consumption of paper and other resources, we encourage candidates to send the election promotional materials to electors in the following ways as far as possible:

- Please carefully consider your publicity plan and the quantity of promotional mail before requesting the mailing labels. You may obtain mailing labels by selecting the District Council Constituency Area(s) (see Appendix) if you do not wish to have a full set;
- Please use mailing labels printed on a 'household' basis (i.e. each label will contain the names of electors (up to five) in the same 'household'. This can save about one third of the mailing labels and the number of letters)¹;
- Please use joint election mails for promotion (at least about half of the mailing labels and number of letters can be saved if you send out joint election mails for promotion with one or more candidate lists of the same Geographical Constituency and/or one candidate list of the District Council (second) Functional Constituency);
- Please use the information in the "Candidate Mailing Label System" to send electronic election mail to electors who have provided their e-mail addresses in lieu of hard copy^{2,3}; and
- To respect the wish of the electors who have provided their e-mail addresses to support environmental protection and the wish of the electors who have requested no election mail, candidates should consider carefully if it is absolutely necessary to send hard copy of election mail to these electors.

Registration and Electoral Office
July 2020

¹ When there are more than one elector's name on the mailing label on "household" basis, if some of them has/have moved out but yet to report the change of address to the Registration and Electoral Office, the candidate's election mail cannot be delivered to the elector(s) concerned.

² To prevent the e-mail containing the election mail from being mis-detected as spam e-mail and blocked by the system, candidates are advised to understand the relevant policies and preventive measures adopted by the relevant e-mail service providers before arranging the sending of election mails to their electors through e-mail in bulk. If necessary, candidates may consider first applying to the e-mail service providers for raising the daily sending limit of their e-mail accounts.

³ We encourage candidates to provide in the electronic election mail a means or option for electors to stop receiving further promotional e-mails. After sending out your e-mail, if you receive an elector's indication that he/she does not wish to receive further promotional e-mail, please respect his/her wish to avoid causing nuisance.
